SUMMARY

Computer Science undergraduate with hands-on experience in building responsive web applications through academic and personal projects. Strong foundation in software development fundamentals, object-oriented programming, and database concepts. Certified in Java and Object-Oriented Programming, with a structured approach to problem solving and developing clean, maintainable software solutions.

EDUCATION

B.Tech, Computer Science & Engineering

Lakshmi Narain College of Technology & Excellence, Bhopal (M.P)

2023-2027

Class XII (CBSE Board)

Sacred Heart School, Katni (M.P)

2023

Class XI (CBSE Board)

Sacred Heart School, Katni (M.P)

2021

TECHNICAL SKILLS

- **Programming Languages:** Java
- **Web Technologies:** HTML, CSS, JavaScript, React.js, GSAP, Tailwind Css,
- **Database:** MySQL
- **Core CS:** Object-Oriented Programming, Data Structure & Algorithm, DBMS, Operating System, Exception Handling
- **Tools:** Git, GitHub, VS Code, Vite, Postman
- **Deployment:** Vercel
- **Soft Skills:** Written Communication, verbal Communication, Team Collaboration

TRAININGS & CERTIFICATIONS

DSA with Java- APNA COLLEGE

AUG 2026

- Completed comprehensive training in Data Structures and Algorithms using Java with hands-on coding practice.
- Developed strong problem-solving skills by implementing optimized algorithms and solving coding challenges.

Fundamentals of OOPS- NPTEL

Jan 2025 – APR 2025

- Completed structured training in Object-Oriented Programming concepts.
- Strengthened understanding of object-oriented design, software development fundamentals, and coding best practices.
- Applied object-oriented design principles to develop modular, reusable, and maintainable software solutions using Java.

Postman API fundamentals Student Expert Certification- Lets Upgrade

NOV 2024

- Completed training on API fundamentals, including HTTP methods, request-response lifecycle, status codes, headers.
- Gained hands-on experience in testing, debugging, and documenting REST APIs using Postman.

PROJECTS

PrepTrack- Coding Interview Preparation Platform

- **Tech Stack:** React.js | HTML | JavaScript | Tailwind CSS | React Router | LocalStorage | Recharts
- Built a web-based platform for tracking coding interview preparation and managing solved questions.
- Implemented search, topic-wise filtering, progress tracking, and question management features.
- Stored user progress using LocalStorage for a consistent and personalized experience.

Assignly – Task Management Dashboard

- **Tech Stack:** React.js | JavaScript | Vite | Tailwind CSS | React Context API | LocalStorage
- Developed a role-based task management web application for assigning, tracking, and managing employee tasks.
- Enabled task creation, assignment, acceptance, completion, and failure tracking using React Context API and LocalStorage.

Extra-Curricular Activities

Tug Of War Competition-Runner Up

- Secured Runner-Up position in the Tug of War competition, demonstrating teamwork, coordination, and perseverance.
